ECG for ED Physicians
19.11.2018, Day one
For students and doctors with basic ECG knowledge

The ECG course focuses on the recognition and interpretation of the ECG in the emergency setting. This course will guide you through a practical and systematic approach to many ECG abnormalities encountered in both the emergency and critical care setting.

Patient safety and outcome goals depend on clinicians being able to rapidly and accurately assess an ECG. This course will introduce the candidate to a systematic and practical approach to electrocardiographic interpretation through basic, complex and challenging ECG’s.

Day 1, 19th November 2018, Lieu: Sorell Hotel Ador, Laupenstrasse 15, 3001 Bern
For students and doctors with basic ECG knowledge

09h15 to 09h30 Introduction
Dr. K. Vallabh

09h30 to 11h00 Recap of the basics
Dr. K. Vallabh

11h00 to 11h15 Break

11h15 to 12h15 Basics
Drs. K. Vallabh, S. Lahri, J. Malan

12h15 to 13h15 Lunch

13h15 to 15h15 Rhythms
Drs. J. Malan, S. Lahri, K. Vallabh

15h15 to 15h45 ECG in syncope
Drs S. Lari, K. Vallabh, J. Malan

15h45 to 16h15 Break

16h15 to 17h45 Chest pain
Drs. S. Lahri, J. Malan, K. Vallabh

17h45 to 18h15 Wrap up and summary of day
Drs K. Vallabh, J. Malan, S. Lahri

Speakers:
Dr. Kamil Vallabh
Consultant in Emergency Medicine
Sheikh Khalifa Hospital – General
Ajman, United Arab Emirates

Dr. Jacques Malan:
Consultant in Emergency Medicine
Victoria Hospital, Wynberg
Cape Town, South Africa

Dr. Sa’ad Lahri:
Consultant in Emergency Medicine
Khayelitsha District Hospital
Cape Town, South Africa

Organizers:
